

Data Analyst

We are seeking a Data Analyst to join our Operational Team!

Location: Wrocław, al. Narutowicza

About us

Incora™ (a merge of 2 great companies': Pattonair and Wesco) is a leading, global provider of innovative supply chain solutions. Our promise to our customers is to reduce complexity and increase reliability so they can deliver mission-critical solutions that improve our world. We exist to enable the mission critical.

With a strong foundation in the aerospace and defence markets, we also utilize our expertise to serve industrial manufacturing, marine, pharmaceuticals, and beyond. We manage all aspects of supply chain from procurement to warehouse management, from logistics to on-site customer services.

We pride ourselves on offering:

- Industry-leading capabilities
- Innovative solutions
- Greater customer value
- Trusted supplier relationships
- Business growth and operational efficiency

Our people make us unique, and we offer an Outstanding Colleague Experience.

We live by our values: **Courage, Collaboration and Commitment** and are proud to add real value to our customers' businesses. Our people-centric philosophy is underpinned with strong engagement, consistent communication, and opportunities for personal development, enabling our colleagues to grow and make a difference in our company.

This exciting opportunity!

If you have an analytical mind and enjoy working with data, this job is for you!

Here, you will be busy managing, analysing, comparing, processing and validating data, building data bases, as well as creating and automating various reports.

You will work in operational environment, cooperating with people from different departments, such as Warehouse, Logistics and Supply Chain.

You don't need long experience to join us and start your adventure with aerospace industry!

About you

As a data Analyst, you will manage all operational indicators related to company and processes requirements.

You will be busy assessing departmental policy and parameters, making recommendations for changes where required. You may be asked to identify potential issues or errors and take appropriate preventative or improvement actions if needed.

Sometimes, you will need to undertake Root Cause Analysis, implementing the proper corrective actions, to identify reasons of failures and prevent any future issues.

Moreover, you will design, calculate and report KPIs on the daily, weekly and monthly basis.

Most importantly you will be passionate about our Incora Values and exceeding customer expectations:

- **Courage** Take ownership for issues and problems.
- **Collaboration** Work positively with others a real team player
- **Commitment** Focuses on consistently achieving great results.

What will you also need?

- Advanced Excel skills
- Some previous experience working with data
- At least intermediate level of English
- Proficiency in numerical reasoning
- Accuracy and attention to detail
- Bachelor degree or equivalent is preferred
- Knowledge of ACCESS application will be an advantage
- Familiarity with MRP systems will be a plus

So, if you feel you have all of this, and even more, apply now.

In return we will offer you an exciting package that includes a great salary, benefits and more. But most importantly we will offer you the chance to become part of our **Incora Story**.

We are an equal opportunities employer and welcome applications from all suitably qualified persons regardless of their race, gender, disability, religion/belief, sexual orientation, or age.
