incora™

Forecast Analyst

The Opportunity!

We are growing and we are seeking a **Forecast Analyst** to work with us in our wonderful Shared Service Centre in Wroclaw, ul. Robotnicza

About us

Incora™ (a merge of 2 great companies': Pattonair and Wesco) is a leading, global provider of innovative supply chain solutions. Our promise to our customers is to reduce complexity and increase reliability so they can deliver mission-critical solutions that improve our world. We exist to enable the mission critical.

With a strong foundation in the aerospace and defence markets, we also utilize our expertise to serve industrial manufacturing, marine, pharmaceuticals, and beyond. We manage all aspects of supply chain from procurement to warehouse management, from logistics to on-site customer services.

We pride ourselves on offering:

- Industry-leading capabilities
- Innovative solutions
- Greater customer value
- Trusted supplier relationships
- Business growth and operational efficiency

Our people make us unique, and we offer an Outstanding Colleague Experience.
We live by our values; Courage, Collaboration and Commitment and are proud to add real value to our customers' businesses. Our people-centric philosophy is underpinned with strong engagement, consistent communication, and opportunities for personal development, enabling our colleagues to grow and make a difference in our company.

This exciting opportunity!

If you enjoy working with numbers, this role is for you – As Forecast Analyst you will have a chance to prove and develop your analytical and Excel skills.

You will be responsible for monitoring performance and ensuring continuous improvement of forecast accuracy. Thanks to that Incora will be enabled to support our customers to meet their demands.

More about the role

Your role will involve the following:

- Generating system or customer-based forecast and safety stock in line with the monthly business planning cycle

- Supporting the Forecasting and Demand Planning function through the provision of forecast analysis
- Running all relevant reports monitoring exception message trends, identifying anomalies, and making recommendations for improvement to ensure ordering recommendations are reviewed and acted upon
- Participate in the management of parts scope to ensure that live part list is up to date.
- Be involved in improvement activities at department/company level to enhance business performance.

About you

You will be extremely analytical, you will love numbers, forecasting and have a real eye for detail. You will really enjoy working with the data, identifying trends and be confident in presenting your findings to your stakeholders. You will enjoy participating in continuous improvement activities and have a passion for developing processes and solutions. You will be passionate about our Incora Values and exceeding customer expectations.

- **Courage** – you will want to step out of your comfort zone to learn, develop and grow.
- **Collaboration** – you will be able to work alongside and develop exceptional productive relationships inside and outside the organisation.
- **Commitment** – you will share our ambition and want to work in a world class SIOP team, with a fantastic track record of delivering exceptional results.

What will you need?

- Degree in a related field would be advantageous (ex. Maths, Logistics & Planning, Econometry, Analytics, IT)
- Previous work experience in forecasting or demand planning will be a plus
- Proficiency in MS Excel (Pivot Tables, VLOOKUP's, Sum/If formulas etc.)
- Experience with Power Query, Pivot, QlikView would be beneficial.
- Experience in MRP systems
- You will be able to communicate in English
- Numerical, analytical skills and great attention to detail

So, if you feel you have all of this, and even more, apply now.

We will offer you an exciting package that includes a great salary, benefits and more.

But most importantly we will offer you the chance to become part of our Incora story.

We are currently operating under relevant COVID-19 working environment guidelines.

We are an equal opportunities employer and welcome applications from all suitably qualified persons regardless of their race, gender, disability, religion/belief, sexual orientation, or age.
