Our promise to our customers is to reduce complexity and increase reliability so they can deliver mission-critical solutions that improve our world. We exist to enable the mission critical.

With a strong foundation in the aerospace and defence markets, we also utilize our expertise to serve industrial manufacturing, marine, pharmaceuticals, and beyond. We manage all aspects of supply chain from procurement to warehouse management, from logistics to on-site customer services.

We pride ourselves on offering:

- Industry-leading capabilities
- Innovative solutions
- Greater customer value
- Trusted supplier relationships
- Business growth and operational efficiency

Our people make us unique, and we offer an Outstanding Colleague Experience.

We live by our values: **Courage**, **Collaboration** and **Commitment** and are proud to add real value to our customers' businesses. Our people-centric philosophy is underpinned with strong engagement, consistent communication, and opportunities for personal development, enabling our colleagues to grow and make a difference in our company.

### This exciting opportunity!

The Procurement function provides the main interface between the company and the supply base.

Joining us is a great opportunity to grow your career in aerospace and defense supply chain industry. We offer you the possibility to learn how to develop and build strong relationships and drive process improvements.

You will cooperate with the best experts in an international and environment with highest standards.

### About you

As the Logistics Controller, you will be responsible for securing the supply of parts in a timely and cost-efficient manner to satisfy customer service, specified inventory, and quality levels.

You will be the first point of contact for resolution of issues and you will ensure continual flow of material into the business.

## Job Advert

You will communicate the status of materials within the supply chain to the wider business; you will report vendor performance internally, proactively obtain and update signals and information into and from the supplier.

You will also manage the day-to-day relationship with vendors and visit sites when required to ensure process adherence and that supply chain signals are implemented and acted upon.

Your tasks will include analysing supplier arrears and forwarding load to effectively work with the supply base to manage load to meet customer requirements.

### How does my role add value?

You will be building long term rapport with vendors to resolve delivery performance issues and influence delivery to meet customer demand, working with the supply chain to improve performance within the established framework and guidelines.

Moreover, you will be helping to maintain the company as a market leader in supply chain and support sales through management of a global supply base in line with defined business parameters.

Most importantly you will be passionate about our Incora Values and exceeding customer expectations:

- **Courage** Take ownership for issues and problems.
- **Collaboration** Work positively with others a real team player
- **Commitment** Focuses on consistently achieving great results

### What will you also need?

- **English – B2 level is essential**
- Higher degree education level or last year / extramural students
- Some experience working within a supply chain, technically demanding environment or in expediting
- Good MS Excel skills
- Ability to negotiate and reach agreement
- Excellent organizational and time-management skills
- Effective communication skills both written and oral
- Ability to maintain, influence and develop relationships

Knowledge of aerospace industry would be your great asset.

**So, if you feel you have all of this, and even more, apply now.**

In return we will offer you an exciting package that includes a great salary, benefits and more. But most importantly we will offer you the chance to become part of our **Incora Story**.

We are an equal opportunities employer and welcome applications from all suitably qualified persons regardless of their race, gender, disability, religion/belief, sexual orientation, or age.
